

APOLLO PLUS LIGHT OAK

RESIDENTIAL FLUIDROWER

The FDF Apollo Plus FluidRower is one of our highest sought after rowers for its performance and beautiful construction from ethically sourced American Ash wood in a light oak stain. The wood frame wraps around a robust sculpted steel frame, ensuring product integrity as well as a luxurious modern style.

The 4 levels for Fluid Resistance is manually adjusted by turning a tactile and audible selector dial, assuring accurate and even level selection. The 4 resistance levels provide a consistent resistance throughout the entire rowing stroke, the range of adjustability from level 1 “feather light” to level 4 for an intense workout.

It is appealing to a broad market, including rehab and seniors. The Apollo Plus is also compatible with FDF’s optional Seat Back Kit for extra lumbar support, and the Elevate Kit for easier on-off access.

Easy to stow-away, stand this model on its end for compact storage.

APOLLO PLUS LIGHT OAK FLUIDROWER

PRODUCT SPECIFICATIONS

PRODUCT MODEL NO:	APWP
FLUID RESISTANCE:	Horizontal FDF Twin Tank - 4 Levels
MONITOR:	FDF PLUS Console
PRODUCT NET WEIGHT:	34.70kg [76.50lb]
PRODUCT GROSS WEIGHT:	41.80kg [92.15lb]
DIMENSIONS:	L 2,130mm [83.86"] x W 540mm [20.47"] x H 560mm [22.04"]
MIN ACTIVE AREA REQUIRED:	L 3,330mm [131.09"] x W 1,720mm [67.71"]
STORED VERTICAL DIMENSIONS:	L 520mm [20.47"] x W 540mm [21.25"] x H 2,130mm [83.85"]
MAX USER WEIGHT:	150kg [330lb]
COMMERCIAL WARRANTY:	Frame 5 years - Fluid Tank 5 years Mechanical and all other non-wearing components - 2 Year Limited Warranty All Other Components (of a wearing nature) - 1 Year Limited Warranty

CONSOLE FEATURES

- + Auto start
- + Time - Elapsed time
- + 500M Time - Time to row 500 meters
- + Watt - Unit of power per stroke
- + Distance - Updated every meter
- + SPM - Strokes per minute
- + Calories burned per hour
- + Level - Up/Down to align level of selected fluid resistance
- + Pulse - Requires optional fitted receiver and chest strap (sold separately)

ABOUT FDF LIMITED

FDF Limited is the leader in designing and manufacturing a range of adjustable Fluid Resistance fitness machines for commercial and residential applications. At the heart of the fitness range is the unique and patented Twin Tank Fluid Resistance system. The adjustable Fluid Resistance system challenged conventional thinking of how water could work to provide adjustable resistance rather than just a liquid mass flywheel. The patented Twin Tank system provides silky smooth resistance at any speed and is perfect for cardio training, warm-ups, cool downs, intense HIIT workouts or rehabilitation programs. **FDF Limited** categorizes the range of adjustable Fluid Resistance machines under the banners, **FluidRower**, **FluidExercise** and **FluidPowerZone**, see the adjacent web links. **FDF Limited** products are distributed throughout the globe and are popular in Fitness Centers, Hotels and Apartments, Sporting Clubs, Universities, First Responders, Defence Force Training Facilities and Physical Rehabilitation Clinics.
